### SURVEYS

Mitchell Insurance Agency has started a program which surveys our current clients. It is very important to us to make sure each and every one of our clients is happy and has a pleasant experience with the agency. If you receive a survey, please take the time to complete it. Let us know how we're doing and if there is anything you'd like to see improved. We're here to serve you. Our clients are the most important thing about our agency and we strive to make every interaction a positive one!

### RENEWAL REMINDERS

We've also started to send out email reminders about your policy renewal. If you would like to go over your policy, please reply to the email or give us a call. It is important to periodically review your policies to ensure you are covered properly. Life changes, so should your insurance.

Don't Forget, We Also Offer Life Insurance!
