Endless opportunity means something different to everyone. For client Kajal Parbhoo, building relationships and taking care of others has always been her passion. By empowering her patients, Kajal is more than on her way to improving people's health and well-being. We wish Kajal nothing but positivity and success as she becomes a future leader in patient care providers. This month enjoy Kajal's story, set yourself some personal goals and rise to the challenge. Have an extraordinary October!

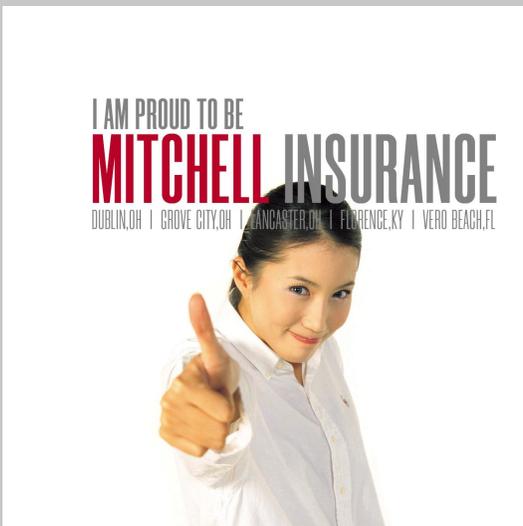

My name is Kajal Parbhoo, and I am a current pharmacy student at The Ohio State University College of Pharmacy. After graduating with my Bachelor of Science in Pharmaceutical Sciences from Ohio State, I decided to stay at this university because Ohio State and Columbus have endless opportunities for me to excel in my education and future career as a pharmacist. I love administering vaccinations and doing

medication therapy management for patients so I can help them understand what their medications are for and how to use them correctly. Taking care of patients is my passion, and my goal is to complete a residency in ambulatory care after graduating with my Doctorate so I can have a collaborative practice agreement with a physician and work on an inter-professional team to provide patient-centered care.

If you or someone you know is an Everyday Extraordinary person, we would love to share your inspiration. Simply email us your short story along with a supporting photograph for a chance to be featured in an upcoming newsletter.

Thanks to everyone who participated in the Back to School Backpack Give-a-Way. *Our contest winner was Wendy Swisher from Lancaster, OH.* We enjoyed reading all of your comments and getting to know you a little bit better. We were delighted to see all of the photographs and are grateful to everyone who allowed us to share them with our readers. The resiliency our children have in overcoming the challenges we've all faced this year was evident in their smiling faces.

" I have been a customer of Mitchell Insurance Agency for a number of years. Amy has helped me solve several issues that arose throughout that time. She is very knowledgeable, articulate, cares about the customer and customizes and explains viable solutions that suit my needs best. Thank you Amy for all your help...it is much appreciated!"

*Thank you for the kind words Angelo LoGiudice, we truly appreciate your business and look forward to serving you for many years to come!*

[Support Local Business by Writing a Review](#)

# SHOP SMALL

-&-

## *support local businesses*

We encourage everyone to support the local business community during this unprecedented time. Here are a few simple measures we can all take now to support our favorite local establishments as the on-going impacts of the pandemic affect our communities.

- **BUY LOCAL GIFT CARDS.** Purchase gift cards now from your favorite local shops to use or gift at a later time when the stores reopen for business.
- **BUY LOCAL PRODUCE.** Buying local produce is a great way to support our farmers and workers during this unprecedented time.
- **DONATE.** Now more than ever local businesses and nonprofits need your support. Instead of getting a refund for a cancelled event, request to donate your ticket amount back to the business. Use your down time to clean out closets and donate to your local shelter.
- **GET SOCIAL.** Follow us on [Facebook](#) and [Instagram](#). Share your comments, interests, and resources to help build relationships within our local community.
- **ORDER CARRY OUT AND DELIVERY.** While dine-in for several local restaurants has reopened, many restaurants are still struggling to meet safety guidelines for in-store dining but are offering delivery and takeout services.
- **PAY IT FORWARD.** Support your local community by taking action now. Tip 20% or more to service staff, if your able, buy a gift card for a community member in need of a meal. Offer to pick up a prescription or mail for a neighbor who may be unable to do so for themselves.
- **SHOP ONLINE.** Many local stores have an online presence and offer a digital shopping experience. Shop from the comfort of your couch while supporting local business at the same time.
- **SIGN UP FOR A VIRTUAL WORKOUT CLASS.** Right now many local workout establishments are struggling to meet safety guidelines in-store but are streaming online classes that you can participate in while you are social distancing.
- **WRITE ONLINE REVIEWS.** No extra cash? No problem. Now is the time to go online and praise your favorite local businesses for free. Write online reviews and let them know how awesome you think they are.
